

RESIDENTIAL GREENWASTE COLLECTION

COLLECTION TIME

Bins should be out by 6.00am on the day of collection.

BIN ACCESS

Bins should be placed where cars don't block access to them. Bins should also be placed well clear of fire hydrants, street lights, trees etc.

WHAT CAN BE PUT INTO THE BIN?

Lawn clippings, weeds and small branches 75mm wide (3 inches) and 75cm long (30 inches). Only grass, weeds, leaves and small branches are acceptable. Any materials other than these are classed as contamination and the contractor is authorised to refuse to collect contaminated bins.

NON-ACCEPTABLE MATERIALS

Materials such as plastic bags, garbage, paper, cardboard, plastics, glass, soil, stones, bricks and concrete should not be placed in this bin.

RESIDENTIAL GREENWASTE COLLECTION

WHAT TYPE OF BIN IS USED?

A 240 Litre Mobile Garbage Bin (wheelie bin) with a green lid.

HOW OFTEN IS THE BIN COLLECTED?

The collection is fortnightly on the same day as your garbage collection and on the alternate week to recycling.

HOW WILL I BE BILLED?

Your Greenwaste account will be included on your rate notice. If you are renting and would like a Greenwaste Bin you will need to get the owner to complete and sign the application form. This service is for the period ending 30th June and will not be subject to pro-rata refund if service is cancelled.

WHAT IF THERE IS A MISSED COLLECTION?

If your bin is not collected please leave your bin where it is normally collected and ring Council on 6022 9300.

WHAT ARE THE BENEFITS OF THIS SERVICE?

By recycling Greenwaste you are being environmentally responsible. All Greenwaste material is collected and taken to a facility where it is turned into garden mulch.

The service is clean and safe; providing a closed, weather and vermin proof container for Greenwaste. Using the Greenwaste bin is convenient and you can wheel your bin around the garden putting your Greenwaste in as you go.

MAKE USE OF MULCH

Mulched gardens have less weeds, need to be watered less often and are more environmentally friendly. You can purchase the mulch created from green waste at various garden supplies outlets. Consult your local Yellow Pages for details.

WHAT IF I MOVE HOUSE?

When you move just leave your Greenwaste bin on the property with the other Garbage and Recycling Bins.

IF YOU WISH TO APPLY TO HAVE THE GREENWASTE SERVICE

This form needs to be completed and signed by the owner/ ratepayer. Once completed return the form to the City of Wodonga Council Offices.
