

Food Act 1984 (Vic) Notification by a community group Temporary food premises

Who is to use this form?

Only use this form if the community group selling the food is either:

- a not for profit body. (This is an incorporated or unincorporated body or association that is not carried on for the purposes of profit or gain to its individual members and is, by the terms of the constitution of the body or association, prohibited from making any distribution, whether in money, property or otherwise, to its members); or
- a group or an individual that is selling food solely for the purpose of raising funds for charity.

When is this form to be used?

Completion of this notification form will ensure that your community group is included in the new state-wide arrangements under the Food Act for temporary food premises.

Under the state-wide notification system, one council in Victoria must be primarily responsible for accepting your Food Act notification. This is the “**principal council**”. This is the council for the following Victorian district:

- the district in which your community group **prepares or stores food** that is to be sold at the temporary premises; or
- if food is not usually prepared or stored beforehand by the community group (such as when it is donated to the group) - the district in which the group **usually stores the equipment** for the temporary premises; or
- if neither of the above apply - the district in which the group’s **business address** is located; or
- if none of the above are in Victoria - the district in which the temporary premises will **first operate**.

This form is to be used to notify one or more temporary food premises (stall, tent or other covered shelter) from which you only engage in class 4 food handling activities.

Class 4 activities are described on page 4 in the box headed "Food handled at the temporary food premises".

This once-off notification form, when accepted by your principal council, will enable your community group to operate the notified class 4 stalls or other temporary premises anywhere in the State. If your community group continues to engage only in the class 4 activities that you list in this form, your only other obligation in the future will be to lodge a separate statement of trade, as outlined below.

It is recommended that you contact council before completing this form. This will ensure that you –

- understand your obligations under the Food Act;
- know which council to notify;
- use the correct form and know how to complete it; and
- can be informed about the classification of the food handling activities of the community group.

Statement of trade

A statement of trade (SOT) about where and when you plan to operate the temporary premises listed in this application in the principal council’s district can also be completed in this form, or lodged after you have notified the principal council (at least 5 days before you commence trading). A SOT must also be lodged with every other council in whose district the temporary premises is to operate, at least 5 days before that trading commences in those councils’ districts. Your principal council can provide you with the SOT form.
