

Tips for disposing of items at the Waste Transfer Station

To avoid paying for the disposal of your mattress, strip off the material and place in your household bin and dispose of the inner spring wire for free as scrap metal product.

Sort the waste contents in your trailer so it is easily identifiable. This will ensure that free products can be itemised from your general waste content, which will also save you time when asked to sort your load;

If you have a load of steel-based materials to dispose of consider bringing it in a single load to avoid paying;

Contact the re-use shop on (02) 6056 8616 and ask if any of your items may be able to be recycled/re-used to avoid paying a disposal fee;

Familiarise yourself with what items can be disposed of for free at the Waste Transfer Station at wodonga.vic.gov.au;

Have a garage sale before visiting the Waste Transfer Station to allow people to purchase your unwanted items. They get a great buy and you benefit from some pocket money; and

Many social media sites have an element of buy, swap and sell. Put your unwanted items on the internet and avoid paying for disposal fees.

For more information phone the Waste Transfer Station on (02) 6022 9358.
