

Local Food Network – North East & Riverina

Terms of Reference 2014

Vision

'Thriving local food systems building healthy communities'

Term

These Terms of Reference are effective from November 1, 2014 and will continue until otherwise specified.

Purpose

The Local Food Network is a platform to share information, resources and improve partnerships to strengthen and sustain thriving local food systems in North East Victoria, NSW Riverina and surrounds.

The Local Food Network recognises that a thriving local food systems benefits producers, the local economy and improves access to healthy foods for all community groups. We are a network that is open to all interested individuals and organisations.

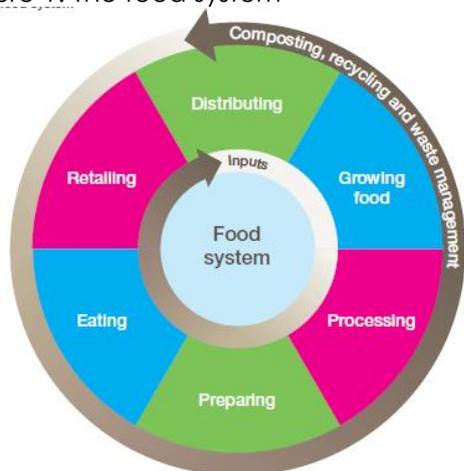

Definitions

The food system:

Our local region is made up on many local food systems and fits within a national and global food system. The food system includes many activities from production to supply (Figure 1) all of which can affect food accessibility in different ways and subsequently health. The way consumers prepare and consume food is part of the food system.

Food security: exists when all people, at all times, have **physical, social** and **economic access** to **sufficient, safe** and **nutritious food** to meet their dietary needs and food preferences for an active and healthy life. The four pillars of food security are availability, access, utilisation and stability."
